IMPORTANT: BY ACCEPTING THIS ORDER, SUPPLIER AGREES TO THE TERMS AND CONDITIONS ON THE FACE OF THIS ORDER, INCLUDING AS WELL BRP'S STANDARD TERMS AND CONDITIONS OF PURCHASE WHICH CAN BE FOUND IN THE "REFERENCE DOCUMENTS" LOCATED IN THE "BUSINESS PARTNERS" SECTION OF BRP'S WEBSITE WWW.BRP.COM. THIS ORDER IS NOT AN ACCEPTANCE OF ANY OFFER BY SUPPLIER. ANY ADDITIONAL TERMS IN ANY PROPOSAL, QUOTATION, INVOICE OR OTHER COMMUNICATION FROM SUPPLIER ARE HEREBY REJECTED AND ARE NOT BINDING ON BRP.

BRP STANDARD TERMS AND CONDITIONS

ORDER AGREEMENT. These terms and conditions are made part of the purchase order or scheduled agreement or release ("Order") issued by Bombardier Recreational Products Inc., BRP US Inc. or any of their subsidiaries, affiliates or related entities (hereinafter collectively and individually referred to as "BRP") to the supplier identified in the Order ("Supplier"), to purchase certain goods, tooling and/or services described in the Order ("Products"). Orders may be issued electronically and are therefore valid even if they are not signed. Quantities and delivery dates in a scheduling agreement outside otherwise agreed upon lead times are for forecasting purposes only and are not binding on the parties. From time to time, BRP may issue releases under a shipping schedule agreement ("SSA") which will limit the number of products shipped at various times throughout the year. Such SSA's shall be subject to acceptance by Supplier without charge. The shipment of Products to BRP, or (3) accepts the Order in any other manner, including without being limited, launching production of the Ordered Products. Supplier shall be deemed to have accepted the Order unless it has notified BRP otherwise within three (3) business days of receipt. By accepting an Order, Supplier agrees to the terms and conditions on its face as well those contained herein and unless otherwise governed by a supply agreement, the terms of the accepted Order shall constitute the entire agreement between the parties ("Agreement"). Without limitation, the Agreement shall include all terms, conditions and specifications set forth in the Order, whether such terms, conditions and specifications appear on the Order or attached thereto. In addition, those contained herein, the former shall control. The Order is not an acceptance of any offer made by Supplier and Supplier and should be considered as the initial offer and any additional terms in any proposal, quotation, invoice, acknowledgement or other communication from Supplier are hereby objected to and rejected and are not binding on BRP.

PRICE. The total price of the Products shall be as stated in the Agreement and unless otherwise specified therein, the price for Products shall be firm fixed. No additional charges or assessments shall be levied against Supplier except as specifically provided for in the Agreement. All taxes, duties, customs and brokerage fees payable by Supplier are clearly indicated on the invoice. It represents that the prices, discounts, and allowances extended to BRP on Products are no less favorable than those currently extended to any other customer of Supplier for the same or similar articles in equal or lower quantities. BRP reserves the right to make changes in drawings and specifications to any Product covered by the Order and Supplier agrees to make those changes. Supplier shall notify BRP within ten (10) business days of such change request or any impact on delivery, lead time or of a substantial price difference resulting from such changes. If Supplier fails to provide notice of such change request, Supplier shall be deemed to accept the change and agree to absorb the cost thereof. Changes in design, engineering requirements, specifications or specifications related to existing Products shall have no effect on the validity of the Order. Prices for any special tooling or equipment required must be identified in advance by Supplier and quoted separately.

PACKAGING & SHIPPING. Unless otherwise specified in the Agreement, shipments are incoterms® 2010 (ICC FCA origin and prices shall include all fees and charges related to the packaging and shipping of the Products). Logistics Handbook provisions apply to suppliers or its later version available at the time of shipment on BRP's Business Portal located on BRP's website http://www.brp.com. Furthermore, in compliance with BRP's Logistics Handbook, Supplier shall describe, mark, and pack Products in a manner appropriate to ensure the Products' protection until delivered to BRP. A bill of lading shall be sent to BRP on the day of shipment. Supplier shall comply with BRP's routing instructions, if any. If Supplier fails to follow BRP's routing instructions or Logistic Handbook, Supplier shall compensate BRP for any resulting costs.

DELIVERY TIME. On each SSA, Supplier shall indicate the quantity of Products to be delivered to the location(s) and on the date(s) set forth in the Agreement within the specified lead times. Products received in advance may be held or returned at Supplier's risk and expense. If Product is held, BRP's obligations shall run from the scheduled delivery dates. Without limiting its liability under the Agreement, Supplier shall immediately notify BRP of any anticipated failure to deliver Products in due time. Upon receipt of such notice, BRP may, at its sole option, suspend payment to Supplier for the affected Order.

QUALITY. Supplier, at its expense, shall supply Products in accordance with good manufacturing practice and in compliance with the Agreement and BRP's specifications and quality assurance requirements, including but not limited to the latest shared version of the BRP Supplier Quality Manual or its latest version available at the time of shipment on BRP's Business Portal located on its website http://www.brp.com. Products are subject to inspection and acceptance at BRP's location notwithstanding prior payment. Non-conforming Products may be held and returned at Supplier's risk and expense. Supplier's responsibility is to pay for all costs related to rejection of non-complying Products, including repair, replacement, rework, scrap, disposal, etc. Supplier shall be responsible for any defective Products, repairs, replacements, scrap, disposal, etc. incurred by Supplier. Supplier agrees to implement a process change or any change in its production site and cannot implement such change unless supported by a PPAP recertification and approved in writing by BRP. Supplier will also inform BRP of any deviations in the Product and shall not deliver such Product before written approval from BRP. BRP may, at its discretion, inspect Supplier's operations and facilities. Supplier shall ensure that its contract does not prohibit reasonable access upon notice by BRP to maintain personnel in any Product Production facility to monitor quality. Supplier hereby agrees to facilitate BRP's ability to conduct audits and inspections of its facilities, processes, systems and procedures, including any Product Production facility, which shall in no event hinder such required inspection. Supplier's quality assurance system must be in compliance with the latest ISO 9001 standard.

SAMPLES & PROTOTYPES. Samples or prototypes are required pursuant to the Agreement. Supplier shall not proceed with the fabrication or furnishing of the balance of the Products called for in the Agreement until BRP has expressly approved in writing required samples or prototypes.

BILLING. Supplier shall submit invoices and packing lists to BRP promptly after completion of work. Each invoice submitted to BRP shall conform with BRP's requirements. Such documents shall include Supplier's packing list number, BRP's order number, part number, item number, English description, invoice quantity and unit of measure. Supplier's invoices shall also include country of origin, unit price and total invoice amount, with any tax and permitted surcharges itemized. Time periods for payment and discounts shall begin upon receipt of both conformed Product and complete and accurate invoices and all supporting documentation. Suppliers' omissions or irregularities on invoices shall suspend the term of payment pending their correction.

TAXES & CUSTOMS. Prior to delivering Products, Supplier shall solely assume all importation and exportation duties, taxes, penalties, fines, assessments or costs BRP incurs. Supplier will inform BRP as soon as it is made aware that it is being audited by tax customs or any other governmental authority which may in any way impact or be related to BRP. Furthermore, Supplier will inform BRP as soon as it is aware of any importation/exportation related non-compliance relative to the Product. Supplier shall be eligible for any refund mechanism with respect to such matters. Supplier shall cooperate with BRP in providing all information needed to obtain such refund. Supplier undertakes to keep all documents related to the Agreement for a period of ten (10) years and provide them to BRP upon request. Furthermore, Supplier shall provide all certificates, specific forms or additional information requested by BRP, such as but not limited to K32A # Certificate of Importation, Sale or Transfer (Canadian Supplier only), Free Trade Agreement certificates, Origin Confirmation Declaration, or any other document required for importation or exportation, such as any documents required by governmental agencies. All goods must clearly be marked in compliance with all applicable laws, including but not limited to the Harmonized System (HS).

Supplier warrants that Products are: (a) new and unused; (b) merchantable and free from defects in materials and workmanship for the consumer warranty period applicable to the BRP product containing the Product, except for any latent defect and any warranties that survive such period under applicable law; (c) free from defects in design (unless specifically designed by BRP); (d) free and clear of liens and encumbrances, marketable title being in Supplier; (e) in strict conformance to the specifications, drawings, and descriptions in the Agreement and approved by BRP; (f) fit and suitable for their intended purpose and use; (g) free from defects in material, workmanship, design, construction, assembly, testing, performance, durability, reliability, safety, and appearance; (h) compliant with all applicable laws, rules or regulations; and (i) in the case of services, performed in a professional and workmanlike manner. The foregoing warranties shall survive delivery, acceptance, inspection, testing, payment and use of Products and shall run in favour of BRP, its customers and any subsequent owners or users of the Products. No disclaimer of warranty, limitation of warranty or liability or exclusion of damages for breach of warranty appearing in any invoice or other form used by Supplier shall have any effect on the warranties supplied hereunder. However, Supplier's warranty shall not apply to Products which have been subject to accident, misuse, abuse, vandalism, neglect or improper storage not related to any failure of the Parts.

DEFECTS. Supplier shall immediately notify BRP of any actual or suspected defect in a Product, or other matter that may affect the safe or proper operation of a Product or its use in a BRP vehicle. Supplier shall promptly provide all relevant information to BRP and cooperate fully with the investigation and any rework field retrofit or recall.

REMEDIES. Supplier shall bear the cost of repairing or replacing defective Products. Supplier shall be liable for all costs associated with troubleshooting, inspection, handling, removal, installation, shipping and correction or replacement of any defective Products covered by the warranty. Furthermore, Supplier is responsible for the cost of any damage to Products caused by any non-conforming Products. BRP reserves the right to repair or replace, at Supplier's expense, any defective Part, which is not promptly corrected by Supplier.
